2020

Hi

I'm Shymaa, a 2D Graphic Designer specializing in branding, helping businesses build clean, impactful visual identities.

I'm graduate, working with: Adobe Creative Suite (Photoshop - Illustrator - InDesign), along with Figma, and experienced in using AI tools to support and enhance the design process, boost creativity, and speed up idea execution.

I have experience in social media design, print materials (brochures & flyers), and magazine/book layout design.

I believe great design is not just about aesthetics - it's about clear communication and real result
