Summary

Full-Stack Developer | **M**ERN passionate about building scalable and high-performance webapplications. Proficient in JavaScript (ES6+), **R**eact.js, Next.js, Node.js, and MongoDB, with strong problem-solving and OOP skills. Seeking work in a dynamic organization to contribute expertise and grow professionally.

Professional Experience

Freelance Full-stack Developer *Aug 2022 – Jun 2023*

Delivered 3+ custom web applications using **React.js Node.js**, meeting client requirements and maintaining a **100%** project delivery rate on time.

– Designed and implemented reusable **UI components**, reducing development time for future projects by 25%.

– Integrated **APIs** and implemented **state management** solutions to build highly responsive and scalable applications.

– Collaborated with teams using **Git** and **GitHub**, ensuring version control and seamless integration of features across projects.

frontend | backend intern *Jul 2023 – Sep 2023 Menoufia, Egypt*
Information Technology Institute (ITI)

– Developed **3+ full-stack projects** covering **all stages of web development** from front-end to back-end.

– Implemented **JavaScript** to create dynamic user experiences, improving functionality and interactivity in projects.

– Built scalable and maintainable web applications using **ReactJS , NodeJS**, enhancing project efficiency by 30% through component reuse.

– Completed hands-on projects under expert guidance, applying knowledge to solve real-world challenges and gaining practical experience in web development.

Education

Bachelor of Computer Science, Faculty of Computers and Informatics   2020 – 2024 Tanta, Egypt
- GPA: 3.1/4.0 with A+ in graduation Project.

Courses

JavaScript Algorithms and Data Structures Certification   Sep 2022 – Oct 2022
Free Code Camp

Full stack Development Using MERN Stack,   Mar 2022 – Jul 2022
Route Academy

Projects

Education Platform
Repo URL

Roles and Permissions

Role-based access: Admin, Teacher, and Student with protected routes

– **Admin** can generate course codes, manage teachers and courses

– **Students** join courses using codes; teachers manage lectures and assignments

- **S**earch and filter functionality, secure auth
- **Tools:** React.js,Node.js, Express.js, MongoDB, Context API, Protected Routing

Real Estate Platform

Repo URL

- **Users** can post, filter, and manage property ads.
- **Admin control:** approve/decline ads, chat with users
- Full control to add, update, and delete admin accounts, user accounts, categories, and advertisements.
- **Tools:** React.js, HTML5, CSS, Bootstrap,Node.js, Express.js, MongoDB, Cloudinary, Multer, Middleware

Admin Dashboard

Repo URL

- -Admin can accept or decline advertisements and engage in chat with users.
  - Full control to add, update, and delete admin accounts, user accounts, categories, and advertisements.
  - Analysis Data in diagrams .
  - Secure authentication and authorization system.
  - Comprehensive validation for all input fields.
- Tools: React.js, HTML5, CSS, Bootstrap,Node.js, Express.js, MongoDB, Cloudinary, Multer, Middleware

E-commerce Platform

Repo URL

- **Property Management:**
  * **Search Functionality:** Easily search and filter products.
  * **Favorites List:** Ability to add products to a personalized favorites list.
  * **Add to Cart:** Seamless cart functionality for selected products.
  * **Profile Page:** Manage user information and preferences.
- Tools Used: ReactJS, HTML5, CSS, Bootstrap

Technical Skills

- **Languages & Frameworks:** React.js, Angular(family), JavaScript (ES6+), TypeScript, HTML, CSS, SCSS, Bootstrap, Tailwind CSS, jQuery, front-end frameworks, Webpack, Redux
  Backend : Node.Js, Express.js, RESTful APIs, Authentication (JWT, OAuth), MongoDB, MySQL, Firebase.
  Tools: Git, GitHub, Figma, API Integration Concepts: Component-based Architecture, Responsive Design,Postman, Data Structures, Object-Oriented Programming (OOP),

Soft Skills

Communication, Collaboration, Fast Learning, Problem Solving, Time Management, Leadership

Languages

Arabic   English
