## INTRODUCTION

ENGINEERING SKILLS MAINTENANCE **L.L.C**, a professionally organized company established with qualified staff, highly specialized technical and administrative teams, financial capabilities, material possibilities and able to implement all the projects entrusted to it by the required specification

Armed with our commitments and dedication, we have not looked back since the date of inception.

We at **ENGINEERING SKILLS** intend to keep continuously developing and improving our skills and capabilities in order to match the construction industry's requirements and contribute to Qatar's National Vision 2030.

## COMPANY AS A WHOLE

**ENGINEERING SKILLS** specialize in all kinds of MEP works for buildings. commercial, industrial, sports or infrastructures.

Our Sections:

- **MECHANICAL ELECTRICAL & PLUMBING:**  
As a MEP contractor, we are fully capable of handling all aspects of Mechanical Electrical HVAC and Plumbing works with professional ease.
- **FIT OUT & DECORATION:**  
Armed with extremely imaginative, innovative and experienced technicians we have the in-house capability to undertake challenging assignments to satisfy the client's needs.

# ENGINEERING SKILLS

## VISION

We aspire to be professionally organized Company of Choice to cater the need of the construction industry in general and Qatar National Vision 2030, in particular.

DREAM IT AND WE BUILD IT!

## MISSION

With integrating local customs and perspectives we will promote uncompromising integrity in the services that we render.

We are committed to provide the highest quality of workmanship, without compromising on safety and at competitively price, to the expectation of the Client.

We will create opportunities to achieve the extra ordinary, as we build a better quality of life in our people.

## ENGINEERING SKILLS

### Classification & Categorization

- KAHRAMAA
- QCDD

### Activities & Specialization

- 1) Specialized in building Maintenance works.
- 2) Specialized in Electrical Works & Electrical Maintenance.
- 3) Specialized in Mechanical Works such as (HVAC, Firefighting, Plumbing, Drainage, Gas network and Mechanical Maintenance)

#### MEP SECTION

##### ELECTRICAL WORKS:

- ✓ Our MEP Department consist of professional and Licensed engineers & supervisors from UPDA & KAHRAMAA, which can Provide Electrical installation & Maintenance for Residential, commercial, industrial building, and electrical design and installation as per KAHRAMAA regulations of installation.
- ✓ Our Electrical services include **FIRE ALARM** installation, Operation & Maintenance according to NFPA & QCD (Qatar Civil Defense), depending on qualified & Licensed Staff (Engineers + supervisors)
- ✓ We have very good experience with Motor control design and installation.
- ✓ We have very good experience with Fire alarm system design and installation at different types of buildings (residential, commercial, offices, Industrial & hotels).
- ✓ We have previous Experience with Emergency power system (UPS/EPS) design, installation & maintenance.
- ✓ We have qualified Technical team have very good experience about Building management system (BMS) installation, operation & maintenance in high quality buildings such as governmental firms, Hotels, etc.
- ✓ We have qualified Engineers & technicians in Control System such as but not limited: Swimming pool and fountain control system design and installation. Control and instrumentation (HVAC) design and installation.
- ✓ Also we have qualified team to achieve Power (Medium Voltage) system installation.
- ✓ We have specialist technicians at Master Antenna Tele **Vision** (MATV) and CCTV installation, which can be used for different types of buildings such as (hotels, governmental, industrial, etc.).
- ✓ We can install Telephone system and intranet/internet system at high quality achievement.
- ✓ We provide Public address design and installation & maintenance services and Security system installation (access door, road blocker, etc.).

### MECHANICAL WORKS:

- ✓ **Fire Protection:** We have qualified & Licensed engineers & Supervisors who can achieve Fire protection systems as per NFPA & QCD (Qatar Civil Defense) requirements for different types of buildings such as but not limited to: Residential, Commercial, Industrial, hotels .... etc., the types of fire protection systems like: Sprinklers System, FM200, Dry extinguishing, etc.
- ✓ **HVAC System:** We offer AC & HVAC Services (installing, maintenance & trouble shooting) at high level of efficiency for all types such as:
  - Chillers System
  - Package units
  - Ducted split
  - split-window unit
  - **VRV & VRF** : *the new generation of Air Conditioning System*

# HEALTH, SAFETY & ENVIRONMENT POLICY

### Health, Safety & Environment

- ✓ We being the best creation of the All Mighty and the Environment being the best gift the Almighty gave to us, we consider our employees our most precious resource, and the Environment best gift to us. Every one of us is a very important asset and his health and safety is very dear to us. HSE features prominently in our planning process where due consideration is given to creating safe workenvironment for all our employees and other resources deployed. We practice "Target Zero Accidents", wherein every one of us carries out job safety analysis before he commences an activity, evaluates work-related risks and takes proactive measures for their mitigation. The process is documented and provides right to every worker to stop work if found unsafe
- ✓ Planet earth is a gift to mankind and every one of us is duty-bound to keep it in a perfect shape. We highly value its importance and execute our business in a way which helps keep it in a good and healthy shape. We strongly believe that we must leave it in a state better than we inherited it. All our work methods are designed to protect its sanctity and ensure that we do not do any harm to it.
- ✓ It is aim and intention of ENGINEERING SKILLS to gradually reduce and eliminate any environmental pollution and damage through effective control of waste production and atmospheric emissions. All personnel are accountable for their performance and responsible for reporting accidents, incidents and near misses involving environmental matters like:
  - Spills
  - Water wastages
  - Presence of hazardous waste
  - Atmospheric emission in the form of dust fumes or gas.
- ✓ In ENGINEERING SKILLS we consider the Safety being every one's responsibility. However, a designated Safety Officer and his Supervisors and Marshals are responsible to ensure implementation of our HSE Policy.
- ✓ All ENGINEERING SKILLS Employees cooperate by complying with verbal instruction and written procedures.
- ✓ We consider the environmental impact during planning stage of all our projects and plan actions to reduce and avoid matters which are likely to cause environmental damages by

## ENGINEERING SKILLS

- Providing the methods of work which are environmentally friendly e.g. screening sites, reducing site traffic through residential areas.
- Include the provision of appropriate environmental control in sub contracts.
- Choose quiet machinery wherever possible.
- Consider an informative public relations exercise before setting up site.
- Make contact where necessary with any local pressure groups or residential associations.
- Ensure that our activity causes as little nuisance as possible, inconvenience or disturbance to the public, especially regarding existing structures, footpaths and traffic movements.

### QUALITY POLICY

We at ENGINEERING SKILL Sare committed to deliver the projects with consistent quality that conform fully with company and statutory requirements and in meeting our client's documented and implied expectations in terms of technical, budget and time compliance.

The development of an efficient and effective Quality System and generally accept the best practices in the management of Construction Projects, a system which not only ensures the construction quality is consistent, but also helps to ensure minimal wastage in all our construction phases.

The evaluation, training and development of our employees in order to meet the company's objectives.

The ongoing development of the corporate culture that incorporates constant problem solving and continuous improvement, encouraging all employees to take total pride in, and responsibility for, their work and the development of better working practices.

Establishing and reviewing quality objectives for all levels that are realistic, achievable and measurable taking into cognizance preventive action for outside influences that could prevent the achievement of the objectives.

Management will communicate this policy to all employees and staff in such a way that it is properly understood and followed.

## OFFICE INFRASTRUCTURE FACILITIES AND SERVICES

### COMPUTER AND OFFICE EQUIPMENT

- Ensure proper interdisciplinary coordination and effective communication on projects.
- Ensure the project discipline works are executed in accordance with relevant contract documents inclusive of discipline drawing, specification, BOQ, program of works, any superseding documents all in coordinate with the other discipline.

**Al Muntasser Contracting & Trading**

*(March 2019 - January 2020)*

**Position: Senior Electrical Engineer and act as MEP manager.**

**Project Involved:**

Project Name: Seven Service Hubs

Main Contractor: Al Muntasser Contracting and Trading Co.

Consultant: Gulf Engineering and Industrial Consultancy.

Client: MANATEQ.

Location: Birkat Al Awamer1&2&3, Aba Saleel, Wakra1&2 and Jerry Al Samur.

Duties & Responsibilities:

- Supervise the installation of Lighting system & Small Power and low current system such as fire alarm system, CCTV, Data, and Telephone system.
- Ensure the project discipline works are executed in compliance with the statutory authorities that has jurisdiction over the discipline scope of work i.e. KAHRAMAA, QCDD, MOI
- Coordinated all sub-constructor activities and operation to ensure that all clients' requirements are met.
- Ensure proper interdisciplinary coordination and effective communication on projects.
- Ensure the project discipline works are executed in accordance with relevant contract documents inclusive of discipline drawing, specification, BOQ, program of works, any superseding documents all in coordinate with the other discipline.

**Al Muntasser Contracting & Trading**

(February 2018 - February 2019)

**Position: Senior Electrical Engineer**

**Project Involved:**

Project Name: Perlita Garden at Pearl Qatar (115 Villas and 14 nos. Apartment) - UDC

Main Contractor: AL Darwish Engineering W.L.L.

Consultant: James Cubit & Partners Engineering Consultancy.

Client: UNITED INVESTMENT BUSINESS MANAGEMENT CO. LLC.

Location: Pearl Qatar.

*Duties & Responsibilities:*

- Ensure the project discipline works are executed in compliance with the statutory authorities that has jurisdiction over the discipline scope of work i.e. KAHRAMAA, QCDD, MOI
- Coordinated all sub-constructor activities and operation to ensure that all clients' requirements are met.
- Ensure proper interdisciplinary coordination and effective communication on projects.
- Ensure the project discipline works are executed in accordance with relevant contract documents inclusive of discipline drawing, specification, BOQ, program of works, any superseding documents all in coordinate with the other discipline.

**CONVERT ELECTROMECHANICAL CONTRACTING**

(April 2016 -January 2018)

**Position: Senior Electrical Engineer**

**Project Hand-over:**

Project Name: Palms Mall

Main Contractor: CONVERT Engineering and Trading

Consultant: United Consultant

Client: Qatar Fortunes Real Estate

Location: Muaither

*Duties & Responsibilities:*

- Supervise the installation of low current system such as public address, firefighting system, CCTV, BMS (building management system), bellling, clock, MATV, data, and telephone system.
- Inspect and check of electrical installations, termination, and facilities such as, LV switchgear, transformer, generator set, AHU, FCU, distribution panels, MCC, DDC, pumps(irrigation, domestic, and fire protection), and panel boards.
- Coordinated all sub-constructor activities and operation to ensure that all clients' requirements are met.
- Estimated material and worker requirements to complete jobs and assigned works to employees.

- Technical support and assistance of testing and commissioning of all electrical system, power (medium voltage and low voltage), low current (fire alarm system, CCTV, Multimedia system, clock system, bellling system, BMS building management system, public address system, MATV system, telephone , data/internet).

**COSMOS-E engineers and consultants**

**(April 2013- April 2016)**

**Position: Electrical Engineer**

**Project Hand-over:**

Project-1: SAFI – 1 Villas Compound

Main Contractor: Arabian Construction Company

Designer: Khatib & Alami – ASA

Client: EMAAR

Project Manager: Turner international Middle East (TCI)

Location: MARASSI- Sidi Abdel Rahman

Project-2: Infra – Structure utilities of 3 bridges on MARRASI Lagoon

Main Contractor: Rowad Modern Engineering (REM)

Designer: ENGINEERING CONSULTANTS GROUP A.S. (ECG)

Client: EMAAR

Project Manager: Turner international Middle East (TCI)

Location: MARASSI- Sidi Abdel Rahman

*Duties & Responsibilities:*

- Review the shop drawings and material submittals
- Review the invoices
- Supervision of all electrical work

**Engineering and construction industries (SIAC)**

**(March2010 - April2013)**

**Position: Electrical Engineer**

**Project Hand-over:**

Project Name: Administrative headquarters for the project company  
Edita Food

Main Contractor: SIAC Engineering and Trading

Consultant: ENGINEERING CONSULTANTS GROUP A.S. (ECG)

Client: EDITA Food.

Location: Sheikh Zayed City - 6 October

Budget: 120 Million L.E

*Duties & Responsibilities:*

- Supervise the installation of low current system such as public address, firefighting system, CCTV, BMS (building management system), bellling, clock, MATV, data, and telephone system.
- Inspect and check of electrical installations, termination, and facilities such as, LV switchgear, transformer, generator set, AHU, FCU, distribution panels, MCC, DDC, pumps(irrigation, domestic, and fire protection), and panel boards.
- Coordinated all sub-constructor activities and operation to ensure that all clients' requirements are met.
- Estimated material and worker requirements to complete jobs and assigned works to employees.
- Technical support and assistance of testing and commissioning of all electrical system, power (medium voltage and low voltage), low current (fire alarm system, CCTV, Multimedia system, clock system, bellling system, BMS building management system, public address system, MATV system, telephone , data/internet).

## **Education:**

**First University Degree:** Bachelor of Engineering - Industrial Electronics

**University:** Benha University.

**Department:** Electricity,

**Grade:** (63.79%)

**Graduation Project:** HR Model Using Oracle Database

**Graduation Project Grade:** Excellent

**Graduation year:** 2009

Classified Engineer from the UPDA

## **Foreign Languages:**

- English: Good

## **Previous courses:**

- PMP Master
- Relational Database
- Electronic and electrical circuits,
- Automatic Control, Numerical analysis
- Computer Aided Design **CAD** ( Matlab & Orcad)
- Fields theory, Antenna & Communication systems

## **Engineering Programs**

- AutoCAD.  
Mastering AutoCAD 2010 AUTHORIZED from Autodesk in  
YAT learning center
- ORACLE Developer
- SQL

## **Computer Skills**

- Microsoft Word.

- Ability to Work in Groups
- Ability to Produce Reports and Presentations.
- Good Communications With People

# MOHAMED AMRI

ELV/AV DIGITAL SCREEN SYSTEMS SPECIALIST

 Old Airport Zone45, Doha, Qatar

 +97431055520

 modamri@hotmail.fr

## LANGUAGES

ENGLISH

FRENCH

ARABIC

## ABOUT ME

Dynamic and results-oriented ELV/AV System Specialist with 15+ years of experience managing, designing, and implementing ELV and AV systems for large-scale projects. Proven expertise in delivering high-quality systems on time and within budget by leading cross-functional teams and collaborating with vendors, contractors, and clients. Skilled in identifying and applying innovative solutions to enhance functionality and optimize costs.

### Core Strengths:

- Expertise in ELV/AV systems integration (CCTV, IPTV, Access Control, Audio-Visual systems).
- Managing large projects through all phases (design, installation, commissioning, and handover).
- Coordination with stakeholders to ensure compliance with quality standards and safety codes.
- Strong leadership, problem-solving, and resource allocation skills.

### Key Achievements

- Successfully ELV/AV/LED Digital screens systems

## WORK EXPERIENCE

### ELV/AV DIGITAL SCREEN SPECIALIST | MAR 2024 - PRESENT

#### ENGINEERING SKILLS , DOHA

##### Job Duties:

- Lead the ELV/AV team.
- Handling Design and coordination with the stackholder.
- Managing the test and commissioning and hand over.
- Monitor and handle incoming technical issue notifications, ensuring they are addressed promptly and systematically. Coordinate with internal teams to resolve issues effectively, maintain detailed records of actions taken, and guarantee all orders are closed in compliance with official procedures, standards, and service-level agreements.

##### Projects:

**Fit-Out Design&Built of marketing shops (KSA):** Supply implementation of the following systems IPCCTV; Structured cabling; ACS; WAP; LED Digital Screens system.

**ITD Farm (Qatar):** Supply implemetation of Structured cabling FO and IPCCTV.

### ELV/AV SITE ENGINEER | DEC 2018 - FEB 2024

#### IMAR GROUP- ELV DIVISION, DOHA

##### Job Duties:

- Assistance in issuing the design and reviewing the quantities.
- Review material transmittals and coordinate for approval.
- Coordinate with other contractors, consultant, and end user during project implementation.
- Manage the site team to ensure they comply with the regulation (Standard), and comply with the project schedule.
- QA/QC activities.
- Configuration of the different provided systems e.g. IPCCTV, PAVA, Digital screens, Media Cloud system.
- Coordinate with the QDF, Shop, and Brands teams to ensure accurate and timely delivery of contents while aligning with CMS Campaign requirements. Oversee the end-to-end process to ensure campaigns are issue/published as requested, maintaining consistency, quality, and adherence to established guidelines with HIA/QDF.

##### Projects:

- **Qatar Gas:** Supply/Configuration of outdoor Digital Media screen.
- **Qatar Rail:** Broadsign Control: Supply/installation/commissioning of custom touch screens Incl Broadsign control cloud system.
- **Hamad international Airport \_ QDF expansion \_QDF/ELV-AV systems renovation of the existing stores/Brands:** Supply/installation/commissioning of the following systems: CCTV, PABGM, Network structured cabling, intrusion system, Flight information display screens, Signages, Digital media screens (Broadsign).
- **The New National Museum of Qatar:** Supply/installation/commissioning of the following systems: IPCCTV\_Pelco, POS\_Vend, network Structured

implementation for critical projects, including:

- **HIA Expansion CC Phase 01 & HIA Renovation** – Delivered on time with zero compliance issues.
- **Qatar Rail and New NMOQ** – Optimized system integration, resulting in improved project efficiency.
- Demonstrated a **15% reduction in project costs** by streamlining vendor coordination and site workflows.
- Enhanced client satisfaction through **swift resolution of system failures and technical challenges**.
- Designed and managed AV solutions that improved customer experience by **25%** at commercial sites.

## EDUCATION

### THE UNIVERSITY DEGREE OF TECHNOLOGY IN THE INDUSTRIAL ELECTRONICS

UNIVERSITY OF GABES - HIGHER INSTITUTE OF INDUSTRIAL SYSTEMS IN GABES(ISSIG)  
2008

## SKILL

- Management of the ICT/ELV/AV/Signage LED Screens systems implementation, maintenance troubleshooting and commissioning, e.g IPCCTV, Intrusion sys, ACS, DATA center, Home automation, BGM. PAVA, Meeting rooms solution.

cabling\_Brandrex, IPTel\_Cisco, Access Control\_Lenel, BGM\_Bose, AV Meeting rooms \_ Cyviz, Play Gound Choreography system).

- **Rail Stations\_ Green, Red, Gold lines:** Supply/installation of the Swing Gate\_Boon Edam.

### PROJECT ENGINEER | APR 2017 - NOV 2018

#### CONVERT SECURITY SYSTEMS, DOHA

##### Job Duties:

- Design of ELV/AV systems and Home Automation systems.
- Manage site/implementation teams and coordination with the other contractors.
- Follow-up the compliance with the standards 'QCS Qatar 2014'.
- Coordination with the manufacturers, Suppliers, and sub-contractors.
- Manage the maintenance team and monitor the ongoing project.
- Resolve the technical issues that appear during the commissioning.
- Test & Commissioning of the projects with Consultants and MOI\_SSD.
- Pre-Sales/cost estimation.

##### Projects:

- **Palms Mall Muaiter:** Supply installation and commissioning of IPCCTV, BGM, BMS, Access control and Network structured cable.
- **Shop&Offices Building Salwa road:** Supply installation and commissioning of IPCCTV, Access control and Network structured cable.
- **Office Building Al Rayan:** Supply installation and commissioning of IPCCTV, Access control and Network structured cable.

### TECHNICAL/SALES ENGINEER | FEB 2016 - APR 2017

#### NEBHENE TUNISIA, TUNISIA

##### Job Duties:

- Design of ELV/AV solution e.g. home automation, TV system, Data Network, Alarm system, Fire alarm system, Outdoor Digital marketing signage, CCTV, Time attendance and Access control.
- Diagnostic and network troubleshooting.
- Verify the conformity of the work as per the NF standard.
- Pre-Sales/cost estimation.
- Control the site team, arrange the work planning, monitoring of the project progress and the cost sheets.

**Projects:** Agil Gaz; Vivo Energy Shell\_STLR; La Poste Tunisia; Ministries; Buildings; Petrol stations; Hotels VINCCI

### COMMISSIONING ENGINEER | NOV 2014 - JAN 2016

#### MASAKEN FOR SECURITY SYSTEMS, DOHA

##### Job Duties:

- Conducted system commissioning and troubleshooting for ELV/AV projects.
- Manage the commissioning with MOI-SSD for IPCCTV system, access control and Anti-intrusion system.
- Ensure that implementation is in accordance with standards 'QCS Qatar2014'.
- Coordination/management.
- Pre-Sales/cost estimation.

**Projects:** Landmark Mall; Al Rayyan Plastic factory; Arabian exchange, Mirqab exchange, Aldar exchange, Gulf exchange; Plastic Surgicentre; Ebn Sina Medical; Maha Academy; Military base.

### TECHNICAL ENGINEER | JAN 2008 - JAN 2014

#### Modern Security Systems M2S TUNISIA, TUNISIA

##### Job Duties:

- Designing of electrical installations, Fire alarm system, Home Automation, ICT, Intrusion system and CCTV for villa including lighting control, heaters, sockets, AC, cables, distribution panels and transformers.
- Lead the implementation of the industrial machines and the control panels.
- Manage the team during the implementation stage; monitoring compliance work\_compliance with NF standards.
- Installation and configuration of the below systems:

1. Fire alarm system, addressable and conventional, CDI, CMSI (C-tec, Bentel, DSC, Notifire...).

## PERSONAL DETAILS

---

- ⊙ Nationality  
Tunisian
- ⊙ Visa status  
Working
- ⊙ Marital status  
Married

- 2. CCTV Camera Analog, IP, AHD and (NOVUS CCTV,SAMSUNG, DAHUA, HIKVISION...).
- 3. Alarm System (Texecom, Elkron, AVS electronic, Bentel, DSC, Paradox, Satel, Enim, Pyronix,...).
- 4. Fingerprint & Access control: ZKTeco.
- 5. PBX Phone system analog
- 6. IP Phone system (Panasonic, Grand stream).
- 7. System Home Automation BMS (G4 Smart Home, HDL).

## COURSES

---

- ⊙ **ONLINE TRAINING-COMMUNICATION INFRASTRUCTURE**  
| FEB 2019 - DEC 2018  
PANDUIT ; BRAND REX
- ⊙ **ONLINE DIGITAL SIGNAGE TRAINING | FEB 2020**  
| BROADSIGN; BRIGHTSIGN ACADEMY

## Ahmed Mahmoud El AGGAN

Mechanical Engineer

### Objective

To use my experience as a MEP Engineer while making positive contributions to the organization and enhancing my knowledge as well as my Skills in the process.

### Soft Skills

- AutoCAD
- Solid works
- MS Office

### Key Skills

- UPDA&QCD Certified
- Technical Skills
- Problem Solving
- Inter Personal Skill
- Customer Relationship Management

### Current Address

Villa No. 10, Ain Khaled, Salwa Road, Doha Qatar.

M: +974 74400460

E:  
ahmedelaggan86@gmail.com

## Experience

**12 Years and above experience in Project Planning and Execution, Maintenance and Implementing Technical solutions for Installation, Testing and commissioning of MEP Services ( HVAC, Firefighting System, Plumbing & Drainage and Chilled water).**

**M/S QATAR BUILDING ENGINEERING Contracting Company. Doha, Qatar (Project Engineer)  
(Sep 2017 to Present)**

### Job Responsibilities:

- Managing project employees, including in-house, external contractors and sub-contractors; attending meetings and discussing Project details with clients, contractors and sub-contractors.
- Developing Project baseline, monitoring and controlling Project with respect to cost, resource deployment, time over-runs and quality compliance.
- Preparing monthly reports detailing progress on Engineering, Handling submittals and resolving Electro-mechanical problems.
- Planning the necessary resources for the project.
- Reviewing Shop drawing, material submittal method statement against all coordination & contract drawings, document and specifications.
- Supervision, inspection and QCD handing over all MEP services.
- Conducting the testing & commissioning of the (HVAC, Fire pumps , CHW pumps , Domestic , irrigation and Lifting Pumps)

### Projects

#### 1) Al Erkyah Residential Towers – Lusail City

- Development of Residential buildings (2B+G+10) (PLOT 10,17,39,46 & 52) with MEP services HVAC system, Chilled water System, Firefighting system, Water Supply and Drainage.

#### 2) Shaikh Nawaf Palace – Umm Salal Ali

- Installation of complete MEP services (AHU's, chillers, firefighting, water supply and drainage) with testing and commissioning.

#### ● 3) Development Of Central Depot- SayliyahFC (317-319).

- Installation of complete MEP services (HVAC system, , firefighting, water supply and drainage) with testing and commissioning.

#### ● 3) Development Of Central Depot- Sayliyah FC (317-319).

- Installation of complete MEP services (HVAC system, , firefighting, water supply and drainage) with testing and commissioning.

**Ahmed Mahmoud  
El AGGAN**  
Mechanical Engineer

---

**Personal Info**

- Egyptian
- Born on 8<sup>th</sup> June 1989
- Marital Status: Married
- Religion : Muslim

**Languages Known**

- English- Very Good
- Arabic-Mother tongue

● **3)QETAIFAN ISLAND NORTH ( P01- P06- P07) BEACH CLUB - FESTIVAL PLAZA - RETAIL PLAZA- JUMAA MOSQUE.**

- Installation of complete MEP services (HVAC system, , firefighting, water supply and drainage) with testing and commissioning.

**Projects**

- Bin Omran (2B+G+M+3) – A brag Electro mechanical
- KATARA (G+M+1) Swimming Pool ,Health Club & SPA
- Lusial Hotel (2B+G+M+12) BAT Contracting
- Lusail Medical Centre (2B+G+3) MAHA EL KHaleej
- Souk AL Ryan (G+2+Roof) Torch Engineering
- Wesaya Tower Alsadd (2B+G+M+20) Crystal Balace .
- New Industrial area factories(National Polystyrene Factory
- Plastic Factory - QATAR International Company – Arab Qatar Company for Building Material.

**M/S Nawras Contracting Resort (Oct 2013 — Nov 2014)**

---

**(Site Engineer)**

---

**Job Responsibilities:**

- Mechanical Power Engineer
- Design and maintenance of a central air conditioning system.
- Load calculation.
- Design and maintenance of air distribution systems.
- Design and maintenance of piping system.
- Design and maintenance of firefighting network.
- Control systems.
- Selection of the units and Bill of the quantity of the project
- Conducting the testing &commissioning of the (HVAC, Fire pumps , CHW pumps , Domestic , irrigation and Lifting Pumps)
- HVAC System(AHU,FAHU,FCU,CHILLER,VAV,VENTILATION FANS AND DX UNITS)

**Projects**

**1. Genena Mall Sharm EISHiekh**

- Successfully Commissioned MEP services.

---

**Education**

---

- 1) **Bachelor's degree in Mechanical Engineering** menofeia university 2011 (Grade: Good)
  - Graduation Project: Design of a central air conditioning.
  - Grade: Excellent.
- 2) **High school** with First class Distinction, Kafr Elzayat. (2006)

**Personality:**

- Optimistic, Patient, Communicative, Creative.

## EDUCATIONAL CREDENTIALS

BACHELOR OF TECHNOLOGY (B.TECH)  
IN ELECTRICAL AND ELECTRONICS  
ENGINEERING.  
Jawaharlal Nehru University  
(JNTU), Hyderabad, INDIA  
(May, 2013)

## ➤ PROFESSIONAL SUMMARY

I have 11 years of experience in performing execution of various building construction projects & I have successfully delivered a wide range of electrical projects, including Residential, Commercial and Industrial projects. I have a deep understanding of electrical systems and regulations, and I am skilled in utilizing industry-standard software and tools to design and analyze electrical systems. Skilled in on-site execution, quality, control as well as planning, coordination, and documentation.

## ➤ EXPERIENCE SUMMARY (QATAR)

**Experience: 8 Years 4 months.**

**Job Title : Electrical Project Engineer.**

**Company : New Horizon Electromechanical.(Aug 2016 onwards)**

- Project name : Propped (2B+G+M+10) Hotel Apartment Building.
- Client : Sheik Jassim Faisal M L Thani.
- Project name : Propped Hyper market (G+1)+28 shops (G+1)+2 Restaurant.
- Client : Sheik Hamad Abdullah M.Jassim AL Thani.
- Project name : (B+G+2+P) Al Hayat Universal School.
- Client : Al Hayat .
- Project name : (B+G+2+P) Al Manar International School.
- Client : Al Manar.
- Project name : (B+G+M+6) Commercial Complex Building.
- Client : Sheikh Khalid Abdulla M J Al-Thani.
- Project name : Propped (G+2) Hyper market+(G+2) 28 Shops & 2 restaurants.
- Client : Sheikh Hamad Abdulla M.Jassim Al-Thani.
- Project name : Valley Forge School.
- Client : Aspire.
- Project name : (G+1) Al Dhurum School for Girls
- Client : Al Saad Ebrahim A A Al Muhannadi (ministry of higher education)

## ➤ EXPERIENCE SUMMARY: (INDIA)

Experience : 3 Years 2 Months

Job Title : Electrical Engineer

Company : Enrun India Electrical co. (March 2013 to June 2016)

- Project name : City Capital mall, kondapur.
- Client : Skill Promoters Ltd.
  
- Project name : 80 independent Residential Villas, lancohills, Hyderabad.
- Client : Gowrahallmark

## ➤ RESPONSIBILITIES

- Understanding of conceptual system design, construction, detail engineering and execution.
- Coordination with Architectural drawing, Furniture layout, Elevation and sections, Interior design, reflected ceiling drawings etc.
- Ensure that all the works done at site are in accordance with the approved construction drawings, contract documents, project specifications, and all applicable standards whether local, national or international standards.
- Responsible for preparation of and submission of Inspection Request (IRF) for material receiving inspection (MIR) and installation/testing inspection (WIR).
- Check the drawings and documents used at sites for approvals and compliance with project requirements
- Read and Understand Tender drawing and prepare Shop drawings and As-built drawings.
- Installation of lighting circuits, power circuits according to regulations.
- Installation of LV panels according to regulations.
- Installation of SMDB and DB's according to regulations.
- Installation of cables, cable tray, cable trunking, cable pulling according to regulations.
- Preparation of all kinds of Drawings in AutoCAD for Electrical System.
- Load schedule and load balancing.
- Cable sizing including Cable tray routing and Termination details.
- Cable tray selection, Circuit breakers selection and Capacitor banks selection.
- Selection of transformer /DG capacity and number with necessary metering and protection.
- Short circuit & voltage drop calculation at each level of distribution.
- Supervision on the installation of conduit pipes, cable pulling, wiring of equipment's.
- Designing of SLD's for various panels.
- Providing directions and guidance to the supervisors to operate as per the schedule requirement.
- Responsible in developing Detail work plan, activities and task for Electrical works.
- Getting quotations from various suppliers for the materials according to specifications provided.
- Preparing of BOQ.
- Conducting QA/QC inspections for materials.
- Taking approvals from the consultants for the work done.
- To approve work orders, material issue requests, initiate purchase requisition.
- Monitoring a team of supervisors and technicians.
- Report to Site Manager and attend meetings with clients on site issues.
- Preparation of Site quality reports.
- Preparation of daily progress, weekly and monthly reports to senior management.
- To attend all Electrical inspections with client-contractor representatives
- Ensure all team members follow safety rules and regulations during work hours.
- Ensures that the project construction team has a plan of action for each type of emergency as well as the equipment and supplies that might be necessary. Emergency situations on a construction site includes electrical shocks or falls.
- Read and understand shop drawing and specification of FIREFIGHTING service and mange testing and commissioning of the FIREFIGHTING system.
- Read and understand shop drawing and specification of PLUMBING and DRAINAGE service and mange testing and commissioning of the PLUMBING and DRAINAGE system.
- Read and understand shop drawing and specification of FIRE ALARM service and mange testing and commissioning of FIRE ALARM system.
- Read and understand shop drawing and specification of ELV service and mange testing and commissioning of ELV system.
- To assume other duties as may be assigned.

## ➤ SOFTWARE SKILLS

- **Operating system : windows8 / 7 / XP**
- **Packages : Microsoft-office.**
- **Perfect in AutoCAD software.**

## ➤ STRENGTHS

- **▣ Excellent communication and leadership skills.**
- **▣ Good problem solving ability and sincere team player.**
- **▣ Possess outstanding written and spoken English skills.**
- **▣ Excellent time management skills with the ability to set and meet deadlines.**
- **▣ Quick learner and can work under pressure effectively.**

## ➤ PERSONAL DETAILS

- **Date of Birth : 05/06/1992**
- **Gender : Male**
- **Nationality : Indian**
- **Linguistic Abilities : English, Arabic and Hindi.**
- **License : Qatar driving license**
- **E-Mail Id : mohdsadiquddin@gmail.com**

## ➤ DECLARATION:

I hereby declare that all the information furnished above is absolutely true to the best of my knowledge and test of my understanding

**Mohammed Sadiq Uddin**

**Shihabudheen Monutty**  
**Doha - State of Qatar**  
**Tel: +974 -77758581/66545436**  
**Email: shihabfathima646@gmail.com**

**To**  
Respected Sir,

**Sub:** Application for the post of **Senior CAD OPERATOR / DRAFTSMAN (17 Years' Experience)**

I am a Professional CAD Draftsman with rich experience in **Qatar Energy Project, Air Base Project, Metro Qatar Rail Projects & Qatar Foundation projects , QatarGas NFE Project & High Rise Building Projects & infrastructure projects .**

I enclose herein my Curriculum Vitae, which encompasses my achievements and experience for your review. **Presently I am working in Voltas Electromechanical Company QatarGas NFE Project**

My experience includes: **Piping System, Chilled-Water Piping Systems, AIR Compressor Piping Systems, Gas Piping System, Fuel Oil Piping Systems, Potable Water Supply Piping System, Drainage Piping Systems, Storm Water Piping Systems, Irrigation Piping Systems, Heating, Ventilation, and Air Conditioning (HVAC) Systems**

With this brief, I sincerely hope my credentials will enable you to place me in the immediate choice of recruitments and your database. Should you require any further clarifications, I would be pleased to furnish the same. Hoping sincerely for a promising and challenging career ahead, given an opportunity to serve your organization.

**Please be note Visa Status: Transferable Visa or Temporary Contract**

,  
Yours truly,  
**shihabudheen**

Mobile: +974-77758581/666545436

E-mail: [shihabfathima646@gmail.com](mailto:shihabfathima646@gmail.com)

[linkedin.com/in/shihab-nalakath-a113a5b2](https://www.linkedin.com/in/shihab-nalakath-a113a5b2)

### Personal Profile

17 years of experience in Qatar since 2008, working across various domains such as Potable Water Supply Piping System, Fire Protection Piping System, Chilled-Water Piping Systems, AIR Compressor Piping Systems, Gas Piping System, Fuel Oil Piping Systems, Drainage Piping Systems, Storm Water Piping Systems, Irrigation Piping Systems, Heating, Ventilation, and Air Conditioning (HVAC) Systems, MEP Internal & External Coordination drafting, MEP quantity take-off related jobs also in the Documentation System

### Project Experience

I handled high rise projects

Qatar Petroleum Project, Air Base Project, Qatar Rail Projects, Qatar Foundation projects & QatarGas NFE Project Etc

### Work Experience

- Preparation of Drawings: Fire Protection Piping System, Chilled-Water Piping Systems, AIR Compressor Piping Systems, Gas Piping System, Fuel Oil Piping Systems, Potable Water Supply Piping System, Drainage Piping Systems, Storm Water Piping Systems, Irrigation Piping Systems, Heating, Ventilation, and Air Conditioning (HVAC) Systems
- Preparation of Floor Level MEP coordination & Shaft Level MEP Coordination Drawings
- Preparation of Site development level MEP coordination drawings
- Preparation of Site Development Coordination: (Drainage Systems, Storm Water Systems, Irrigation Systems, AIR Compressor Systems, Drainage Manholes Electrical Manholes, Fire Hydrant, Valve Chamber, MV System, LV System, ELV System, Lighting Protection & Earthling Pit, etc)
- Preparation of Floor Level RCP Coordination & Access door Layout
- Preparation QCDD drawings
- Handbook of Services Fire/Smoke Stopping Details Layout for Stations & Identification & Safety Signage Layout
- Preparation of Utility and Traffic diversion drawings
- Preparation of Mechanical and Piping Schematic Diagrams, Duct and Piping flow rate.
- Preparation of Isometrics Riser Diagrams, Details, Legends, Schematics & Schedules,
- Preparation of MEP Builders Works Get sleeve & block drawings along with penetration drawings to coordinate better with concrete and steel contractors. Accurate drawings ensure pipe and ductwork to fit perfectly avoiding all possible risks and clashes throughout the building.
- Equipment Piping Sizing & Section Details Layout Drawings
- All detail shop drawings include manufacturing dimensions, installation instructions and other important variables. detail drawings are precise, clear and easily legible, showing all dimensions and instructions.
- Conduct site visit, actual measurement and coordinate site engineer's prior preparation of construction design and Work drawings
- Coordinate with client's / Sub contractors / consultants Engineers as required.
- Coordinate with QA/QC Team for NCRs and related issues
- Coordinated drawings preparation according to the site survey
- Have thorough knowledge in preparing & managing AutoCAD Xref files
- To be aware and implement accordingly to all Cad standards
- Make revisions and modifications on existing drawings as per comments.

### 1- Associated with Voltas Electro-Mechanical contractor Doha-Qatar

<b>Position</b>	<b>Senior Mechanical Draftsman &amp; MEP Coordination Draftsman</b>
Projects	North Field East Project Onshore LNG Facilities of QatarGas NFE Project
Main contractor	HBK Contracting Company W.L.L.
Consultants partners	Qatar Design Consortium,
Duration	Mar 2023 to till date.

#### **Job Responsibilities :**

- Preparation of Drawings: Potable Water Supply Piping System, Fire Protection Piping System, Chilled-Water Piping Systems, Drainage Piping Systems, Storm Water Piping Systems, HVAC Systems
- Preparation of Floor level MEP coordination drawings
- Preparation of Utility Services for MEP coordination drawings
- Preparation of Wall & Slab builders work,
- Preparation of Equipment Schedules, Schematic & Isometric Riser Diagram, Equipment Details Layout, MEP Supports, Equipment Plinth Layout etc

### 2- Associated with Qatar Design Consortium (QDC) Doha-Qatar

<b>Position</b>	<b>Senior Mechanical &amp; Piping CAD Draftsman</b>
01-Projects	Ras Laffan Industrial City, RMP180 New Port Control Tower - Qatar Energy
02-Projects	RLTO Expansion Project (EPC-3) - Qatargas Project
03-Projects	North Field Expansion Project-EPC-2 - Qatargas Project
Duration	Sep 2023 to Feb.

#### **Job Responsibilities :**

- Preparation of Chilled-Water Piping System, Chilled-Water Pump Rooms Details and Section, Equipment Schedules, Schematic Riser Diagram,
- All the HVAC and air conditioning equipment's including Window Acs , Ducted split acs, Package AC, Split Package, Air Cooled Chillers, Water Cooled Chillers, Cooling Tower ,AHUs, CHWPs, Condenser Pumps ,Pressurization Units ,Inertia Sand Filter Units ,Chilled With Bleeder Fans, Water Coolers, Cold Storages & Chemical Dosing System, Explosion Proof Window Units ,Explosion Proof Packages Ac Units, Explosion Proof Chiller Packages, Ex. Proof Extract Fans, Closed Control Ac Units ,Fume Hoods, Kitchen Hoods, Extract Fans, Ventilation Systems Etc
- Preparation of drawing Followed by Qatar Energy Standard
- Preparation of Floor Level MEP Coordination drawings
- Preparation of Equipment Schedules, Schematic & Isometric Riser Diagram, Equipment Details Layout, MEP Supports, Equipment Plinth Layout etc

### 3- 2019 Associated with Vector Electro-Mechanical contractor Doha-Qatar

<b>Position</b>	<b>Senior MEP Coordination CAD Draftsman</b>
01- Projects	QIMC TOWER - WEST BAY (4B+G+M+POD+38F) Going
Consultants partners	Arab Engineering Bureau
Main contractor	Redco Construction AL Mana
02- Projects	Technical Institute Air Base (4B+G+2F)
Main contractor	Domopan Contracting
Consultants partners	Bae systems, Faithful & Gouldo,
Duration	From 2019 to 2023

#### **Job Responsibilities :**

- Preparation of Drawings: Fire Protection Piping System, Chilled-Water Piping Systems, AIR Compressor Piping Systems, Gas Piping System, Fuel Oil Piping Systems, Potable Water Supply Piping System, Drainage Piping Systems, Storm Water Piping Systems, Preparation of Equipment Schedules, Schematic & Isometric Riser Diagram, Equipment Details Layout, MEP Supports, Equipment Plinth Layout etc
- Preparation of Floor Level & Shaft Level MEP Coordination Drawings
- Preparation of Floor Level builders work & Equipment Plinth Layout etc.
- Preparation of Site Development Coordination Water supply System, Drainage Systems, Storm Water Systems. Irrigation Systems. Fire System, MV Systems, LV Systems, ELV Systems,
- Preparation of Site Piping Manholes, Electrical Manholes, Fire Hydrant, Valve Chamber, etc.
- Preparing MEP Section & Details Drawings.
- Preparation of Floor Level MEP RCP Drawing

#### 4- 2018 Associated with Structural Electro-Mechanical Doha-Qatar

<b>Position</b>	<b>Senior MEP Coordination Draftsman</b>
Projects	Qatar Petroleum District.Tower 10
Consultants	Arab Engineering Bureau
Main Contractor	Urbacon Trading & Contracting
Duration	From 2018 to 2019

##### Job Responsibilities

- Preparing Piping & Mechanical Shop Drawings.
- Preparation of Floor Level & Shaft Level Coordination (Piping System, Mechanical System & Electrical System)
- Preparation of Sections Layout, Isometric Drawings & Installation details
- Preparation of Mechanical equipment room, Pump Room Details & Schedules
- Co-ordinate with other services Confer with engineering staff to resolve problems
- Preparing Drawings Log

#### 5- 2015 Associated with Qatari Diar & VINCI Construction Grands - France Company

<b>Position</b>	<b>Mechanical &amp; Piping Draftsman (Design Department)</b>
Projects	Lusail Development, Lusail Transit System,
Design and Build Contractor	Qatari Diar Vinci Construction
Consultants partners	WS Atkins & Partners Overseas / Cundall Qatar Consulting / ACE consulting engineers / Alstom
Duration	From 2015 to 2018

##### Project Specification:

Lusail City Light Rail Transit, Total Rail service network 33 Km (17.8km of double track at grade, 8.2km of single track at grade, 6.6km of underground double track in cut and cover tunnel) Total 30 stations (22 At Grade stations, 7 Underground stations, 1 interconnection station & 1 Depot)

##### Job Responsibilities

- Preparation of Drawings: Fire Protection Piping System, Chilled-Water Piping Systems, AIR Compressor Piping Systems, Gas Piping System, Fuel Oil Piping Systems, Potable Water Supply Piping System, Drainage Piping Systems, Storm Water Piping Systems, Irrigation Piping Systems, Heating, Ventilation, and Air Conditioning (HVAC) Systems
